Austin ISD 2017 Bond Implementation

Rosedale School FAQ

1. What is included in the 2017 Bond program for Rosedale School?

Rosedale will receive a replacement school that will be built at the former Lucy Read Pre-K campus. The new school will be a state-of-the-art facility designed to meet the new Austin ISD Educational Specifications and purposefully built to serve the district's most medically fragile students.

2. What will be done with the existing Rosedale site once it moves to its new campus?

At that time, the district will consider whether there is a need for the facility for any other purposes or if it is a surplus property.

3. What is the total budget for Rosedale School?

\$40,092,000

4. Who is on the planning team for Rosedale School? How are they selected?

A Campus Architectural Team has been established for the Rosedale construction and modernization project. It is made up of members of the school's community that have been selected by the principal and Austin ISD leadership.

The CAT is responsible for providing community input during planning, design, and construction as we seek to modernize the facility and shape the environment for 21st century learning. The designated design team will meet regularly with the CAT throughout each phase of a given project, from initial planning through design, construction and finally the opening of the modernized facility.

5. How can I get involved and give input?

Everyone is encouraged to send feedback and questions about the bond program to future@austinisd.org.

There will also be a series of community engagement opportunities that will be held for Rosedale School during the different design phases of the project. These meetings will provide an opportunity for discussion and feedback. Notifications for each meeting will be sent out in advance to the school community, and project events and key dates will also be available on the [Rosedale modernization page](#) of the bond website.

You can also sign-up for school specific email updates on the bond website, which will include information on upcoming opportunities for participation.

6. What is the timeline for construction? When will students move into the new campus?

The design phase for Rosedale School began in October 2018. You can access the current comprehensive timeline at [AISDFuture.com](https://www.aisdfuture.com). A more detailed construction timeline will be available on the bond website soon.

7. Where can I find more information about the modernization project for my school?

For the most up-to-date information on this project, visit the [Rosedale modernization page](#).
